

CONGRATULATIONS to the 2011 VERMONT SENIOR GAMES STATE CHAMPIONS!!

The 2011 Vermont State Games Championships produced 100 individual champions and six team championships. There were 25 woman, 75 men and 6 basketball team champions out of the 15 sports we offered this year. Each champion was a gold medal winner within a five year age category for their event. Many of the athletes received more than one gold medal by participating and winning more than one event within their sport. Several athletes won gold in more than one sport. As you read down the following list of champions you will notice some very impressive times, distances, and scores. Some will be quite difficult to beat. Starting this year these results are out state records. Athletes have these as goals to exceed in future year's thereby setting new State of Vermont championship records.

Also included in this annual results newsletter are the full results by sport listing every competitor along with their performance statistics. Even though we are exceptionally pleased with our champions we are also very proud of every athlete who participated in the 2011 Vermont Senior Games – The Senior Olympics. That makes every athlete an Olympian!

2011 Vermont State Champions and their Records

WOMAN

Rea Anne Barry 65-69 5K Road race 44:04

Toni Capel 55-59 Discus 57'2.5"
